

Online Ordering

The Animal Resources Centre is proud to announce customers will now have the option of ordering their animal or frozen order requests online. This will be monitored by our friendly administrative staff in real time.

Welcome to the ARC online Animal Ordering and Frozen Animal Portal

We are pleased to announce that animal orders can now be placed online. Please select "My Animal Orders" or "Frozen Animal Orders" on the tool bar at the top of the screen to begin". This window will allow you to place a new Animal/Frozen order.

For your convenience, if you'd like to submit an animal order similar to a previous order submitted, simply "copy" an existing order located on your "My Animal Orders" page.

There are several steps the order goes through.

- 1) Order gets submitted and enters ARC Review
- 2) Order will get approved or rejected. *Only ARC Orders staff can cancel an approved order.*
- 3) Order will get shipped.

The great news is that you can see the status in real-time throughout the entire order process!

My Company Profile: Telephone: 61 8 9332 5033
